Career Objective

Motivated Computer Science undergraduate seeking entry-level opportunities in software development, cybersecurity, and technical support. Eager to apply skills in Java, Generative AI, data analytics, and problem solving to real-world projects.

Education

B.Tech – Computer Science and Engineering, CMR College of Engineering and Technology (Pursuing)

Intermediate (MPC) – Sri Chaitanya Junior College – 97%

SSC – Geetha High School – 95%

Skills

- Java
- Generative AI (GenAI)
- Prompt Engineering
- MS Excel
- Data Analytics
- Cybersecurity Fundamentals
- Problem Solving
- Communication Skills
- Time Management

Projects

College Predictor for Intermediate Students

Developed an application to recommend suitable colleges based on student marks and preferences.

Suspicious Process Detection Tool

Developed a tool to identify suspicious processes and analyze system activities for potential threats.

Skin Disease Detector

Worked on a project for detecting skin diseases using image-based analysis.

Certifications

- Cisco Networking Academy: Networking Basics
- Cisco Networking Academy: Python
- Cisco Networking Academy: Introduction to Cybersecurity
- NASSCOM Generative AI Certification
